RSVP by August 31, 2017

Shiawassee Conservation District 989-723-8263 x3

*RUP & MAEAP Phase 1
Credits Pending*

Topics:

- **Streambank Restoration:** Tour the Townsend Drain restoration project completed by the Shiawassee Conservation District in 2015. Learn how the project stabilized the banks, improved water quality and enhanced wildlife habitat.
- **Invasive Species Management:** Don't be fooled by their beauty. Identify invasive species and learn management options.
- **Soil Health:** Soil works for you, if you work for it. Learn how to manage for soil health to increase productivity.
- **Conservation Planning:** Learn why conservation planning is an important step in protecting our natural resources.
- **Woodlot Management:** No matter how large or small the woodlot, following a forest management plan will improve wildlife habitat, increase profitability, and increase aesthetics. Learn how to get started.

If you need accommodations to participate in this event, please contact the Shiawassee Conservation District at 989-723-8263 x3 by August 31, 2017. USDA is an equal opportunity employer, provider and lender.
